

Community Feedback Form:

Facilities Upgrades at Black Butte School District

Name (optional): _____

Email (optional): _____

(BBS staff may follow up to get additional information from you based on your feedback, and will answer any questions not addressed during the meeting)

Which proposed facilities upgrades do you think are most important for the District to address? (The five categories addressed: Safety and Security, Asset Preservation, Energy Conservation Improvements, Operational Improvements, and Instructional Improvements)

Do you support BBSD pursuing a school bond to address the facilities needs? Is there a level above which you will not support? Please explain your answers.

Is there anything else you'd like the district to know as they consider how to address facilities concerns.
